“Branching Out”

For a tree to grow, a seed must be sown. It must be cared for to become strong and to stand alone.

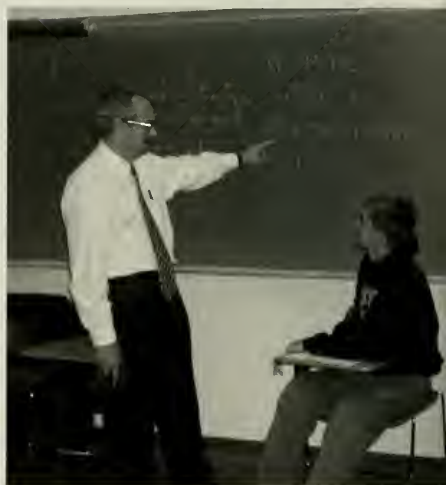

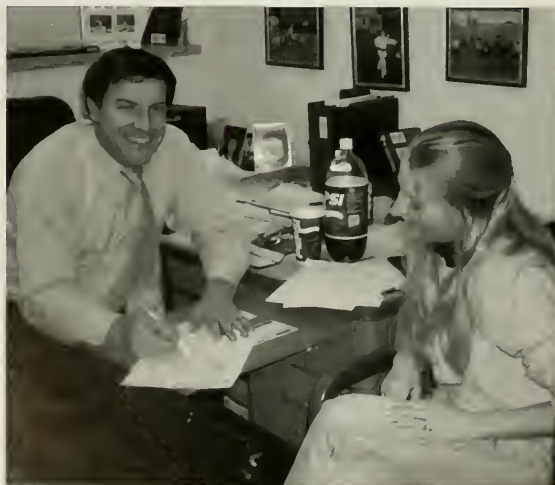

As a tree grows, so do we. Like a tree, we start from a seed, form roots, and enter into the world. From there, the world molds us into something that can survive the harsh winters and the exhausting heat. Each new experience is a new season, used to make each part of our bodies stronger. As children, we learned how to share, laugh, and cry. In the same fashion, college has taught us to grow into adults, becoming more responsible with each passing year. Who knows exactly what the world will throw at us after graduation, but with such a strong background from family, friends, and school, we can make it through anything. So as you continue through life I challenge you to let yourself go and learn to
BRANCH OUT.

Academics

Sowing Seeds of Knowledge

Here at Delaware Valley College, achieving academic excellence is always a priority amongst the faculty and staff. This year was no exception.

As it has been in past years, the Delaware Valley faculty have made it simple for all students to receive any extra help necessary. Each member persistently stresses that they are always available during office hours and are more than willing to make an appointment with the student if need be.

It seems Del Val staff and faculty is hard at work to further the students' college experiences. Residence Life is moving towards its second year of hosting Special Interest Housing where students receive the opportunity to become more involved in the college community by organizing college-wide projects.

The Delaware Valley College's faculty and staff are the backbone to this institution. Hopefully, for years to come, they will continue to sow the seeds of knowledge!

Career Day

February 28, 2002

Each year, businesses come to DVC to show students what kinds of jobs are available after graduation, or during the summer. Students take this day and look around at all the jobs that are available, getting to know some of the local businesses, and talking to the recruiters. Some may find a great summer job, while others may find their career waiting for them in the gym.

Philadelphia Flower Show

The Garden's Forgotten Season

Each year, Del Val participates in the Philadelphia Flower Show. A group of students get together in the fall and discuss the theme. Over time, they design and plan what needs to get accomplished in the spring. When the time comes, these same students plant the many shrubs, trees, and other plants at the show. This year's theme was The Forgotten Season. Many people do not realize how beautiful the garden can be during the winter. These talented students used their abilities to show the population the difference.

Athletics

Rooting for DVC

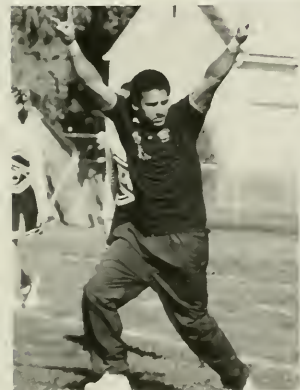

This past year, many people put going to a sports events high on their list of things to do. They went to support their friends and their school. All the players showed determination and this proved to be a success. Their long hours of practice paid off. With the crowd rooting for them, they were encouraged to win. Whether the team won or lost, they enjoyed time together with their teammates, the best part of being involved in a team. They have created many memories that can never be taken from them.

As we root for our teams, the roots of the players grow stronger, giving them strength to persevere. Later, these roots will become important to the development of the players and to those around them. So as you come to "root, root, for the home team," remember, they need you to help them grow from season to season.

Senior pitcher Tony DeLude, who also played right field, had a sensational year. He earned the MAC Freedom Conference Most Valuable Player Award for the second year in a row, setting single season school records of 70 hits, 53 runs, and 41 RBIs, all while batting .417. His .402 record career batting average is the second best in school history. DeLude is the Aggies' all-time leader in hits (218) and home runs (16, nine of which came in 2002).

Fellow senior Rich Bayachek, named the MAC Freedom Conference's Pitcher of the Year, went 7-2 in 2002, striking out 68 batters in 61 innings, and had a conference-best 1.48 ERA, allowing only 35 hits against him all year. He pitched a no-hitter against Marywood University on March

8. Bayachek and DeLude were both named MAC Freedom Conference first-team all-stars, along with sophomore first baseman Mark Roth (who batted a team-best .427 with a .611 slugging percentage in 2002), sophomore designated Ken Keiffer (who batted .381), and junior utility player Kyle Knouse (who played mostly as a catcher and batted .347).

Senior second baseman Frank Panzullo set a single-season team record with 29 walks and senior centerfielder Joe Polkowski had a batting average of .295.

Rounding out the pitching staff were freshmen Zeke Boren and Mick Bigwood, as well as sophomores Charlie Polkowski and Jason Champagne (the 2001 MAC Freedom Conference Rookie of the Year).

Also seeing significant playing during the 2002 season were junior shortstop Erik Stout, freshman outfielder Brandon McCabe, freshmen infielders Sean Meister, Mick Hannan, sophomore catchers James Aylmer, Hank Major, and Sean Potter (who also pitched and finally, Steve Orman, who mostly appeared as a pinch runner.

Seeing limited varsity action during the season were freshmen Chris Barlow, Eric Cromer, Fisher, Andy Geider, D. Horthing, Paul Parsons, C. Runkle, and Dave Sagers, as well as sophomore E. W. Werner.

Rounding out the Del Val roster (though they saw no varsity action in 2002) were freshmen Brian Trionfo and Bryan Whiting, as well as sophomores Mike Justin and Tony Radocha.

The 2002 Delaware Valley College Golf team went 5-1 in head-to-head matches and finished sixth out of 14 teams at the Middle Atlantic Conference (MAC) Championships, at Shawnee Country Club in Shawnee-on-the-Delaware, PA. It was their best conference finals in the six years that Doug Linde has been head coach.

Five of the team's nine players competed at the MAC Championships on April 27, 2002 (a second day was washed out by rain). Freshman Shawn Cooper, Mike Fagan, and Lou Shults, as well as sophomore Tim Reese and junior Steve McDonald (elected the team's Most Valuable Golfer for

the third year in a row), combined for a score of 493 in the 27 holes of golf that were played at the Championships.

2002

Under head coach Tom Wuerstle, the Aggie softball team went 11-25 (1-13 in Mac Freedom Conference) to record their first double-digit winning season since 1996. In fact, the 11 wins nearly matched the teams' total number of wins from 1998-2001 combined (12).

A lot of the youth was featured on the squad which won four out of their last five games to close out their 2002 campaign. 12 out of the 17 players on the team were either freshman or sophomores.

One freshman who had quite an impact on the squad was their baseman Jackie Neil, who had a team-best batting average of .386, with 32 hits, 19 runs and a .530 slugging percentage to lead the team. She also knocked in nine runs.

Freshman pitchers Michelle Smith and Jennifer Moyer also played key roles as they won

9 of the 11 games and hurled all but 11 innings for the team in 2002. Smith started half the games for the team and went 5-13 with an ERA of 3.71, striking out 43 batters through 117 innings. As a hitter, she batted .364 with six doubles and 10 RBIs. Moyer, names MAC Freedom Conference's Pitcher of the Week for April 22nd- 23rd, went 4-12 with an ERA of 3.48, striking out 32 batters through 96+ plus innings. Sophomore second baseman Tammy Banks had a third best .322 batting average, to go along with the team high seven doubles and 18 RBIs.

In their final season, seniors Tracie Zakarzewski (left fielder) and Becky Oakley (shortstop/catcher) batted .283 with 12 runs scored 8 RBIs and .204 with 10 runs and 4 RBIs,

respectively. Both players served as captains for two seasons.

Freshman Katie Leach (center field) and Allison Suttie (DH and center field) batted .280 and .276. Leach was one of the only 2 players to hit a home run for the Aggies. Suttie's 17 stolen bases ranked 4th in the conference.

Junior first baseman Beth Sander batted .248 and was the only member to the team to start all 36 games.

Freshman right fielder Lindsay Eversole batted .229 with 17 RBIs and 13 runs scored. Fellow outfielder and freshman Julie Belyung batted .227 and hit a 3 run home run against Moravian College April 18.

Seeing more limited action this year were sophomore outfielder Anne Ridge and junior 3rd baseman Rose Baylor, who each batted .265 for the season

Sophomore catcher Melissa Foxall battled through a back injury to appear in 20 games this year, knocking in 5 hits and 4 RBIs. Freshman second baseman Ashley Beam batted .214 with 6 runs and 9 RBIs. Rounding out the roster was sophomore outfielder Christy Cascioli, who despite appearing in only 6 games, batted .333 with 2 runs and 3 RBIs.

2001

Under head coach Bob Leach, the womens' track and field squad went 1-3 in head-to-head meets during the 2002 season and placed tenth out of eleven teams at the Middle Atlantic Conference (MAC) Championships, May 2-4, 2002, at Susquehanna University. The men went 0-4 and finished last out of eleven teams at the Championships.

Leading the way for the Aggie women at the MAC Championships was Emily Hester, who scored 7 out of the team's 10 points during the tournament. She placed 5th in the shot put and 6th in the discus. At the DeSales University Invitational on April 23, Hester broke her own school record by throwing the discus 116 feet, 9.75 inches.

Junior April Mafturak placed 6th in the pole vault, clearing the bar at 8 feet, 11.5 inches.

Senior Karen Smith competed in three events at the MAC Championships, placing 9th in the shot put, 12th in the hammer throw (the first female Aggie to compete in this event), and 16th in the javelin.

Junior Erin Baker, who set a new school record during the Widener University Invitational on April 20, as she ran the 3,000-meter steeplechase in 13 minutes, 48.15 seconds. She also placed 20th in the 800-meter run. Freshman Kate Glabb finished 9th in the pole vault, while freshman Mary Wheatley placed 16th in the 1500-meter run.

Also competing for the womens' team in the 2002 season were freshmen Nicole

Blackman (100, 200 meters), Laur Isaacs (400 meters), and Mariann Petrino (3,000 meters), along with senior Dana Smith (5,000 meters).

The men did not register any points at the MAC Championships, although freshmen Nick Daneker and Ryan Sharpe, as well as junior Nick Fritz, competed in the tournament. Daneker placed 11th in the discus, Sharpe placed 13th in the javelin, and Fritz placed 16th in the 3,000-meter steeplechase.

Competing for the mens' team this year were freshmen Melvin Hands (100, 200 meters), Mark Hoffert (shot put, javelin), Mike Macheska (discus), Ken McClure (100, 200 meters), John Wacker (100, 200 meters), sophomore Eric Orr (shot put, discus), and junior Andy Hannah (5,000 meters) and Josh King (pole vault).

Clubs & Organizations

Expressions... Breaking Ground

Not only do we need to go to classes and to study, but we also need to have social activities. These activities are provided by the school's many clubs and organizations.

Each year, students get together to form clubs and organizations. Throughout the year, each student is encouraged to grow into something he or she was unable to be without this special group. In a similar fashion, a tree is encouraged to grow by the sun, rain, and warmth. With the help of others, we are able to achieve many things, including growth. As we express ourselves through clubs and organizations, we need to remember that we also encourage others to grow and to be strong.

Growing Something Special

From the first time we set foot in a college classroom during our freshman year until the day we graduate, the college experience naturally enriches our lives.

Just as the sun's energy provides the opportunity for trees, flowers and shrubs to grow and meet the demands of their natural environment, so the staff and faculty at DVC provides us with the opportunity for meeting the demands of 21st century life.

During our time at Del Val, we witness ourselves grow. We learn the values of creativity and hard work through the classroom, membership in a club or organization, or participation in sports.

Indeed, the college experience is something that we are always being influenced by and we end up passing on to others. Just as the process of photosynthesis helps trees to grow, a similar process allows to grow and flourish as well.

No two kinds of trees are exactly alike, just as every student is different. However, every tree and every student here has one thing in common. They get special attention that helps them grow successfully.

As in nature, everything we do in life is a testament to how we grow. and that is what makes every student special.

This year's homecoming proved to be more spectacular than expected.

The sky was the limit at this year's homecoming weekend. The winners of the homecoming court paraded down the street before the game that ended in a loss against Wilkes, 41 - 26. Despite Del Val's loss, homecoming weekend ended with great memories that will not be forgotten.

Halloween Haunting

Below: Come Eat! These girls are helping out at Halloween Haunting by placing directional signs around campus. Because of their efforts, no one got lost that evening.

Halloween Haunting kicked off around 7pm on Oct 18, 2001 and did not end until midnight on Oct 20, 2001. Student members of many clubs and organizations put in time over the long weekend to make this event a success. People came from all over to wait in line for hours just to enter Fright Night. At times, the entrance line extended from the APR to Berkowitz Hall.

Fright Night began with a walk through a haunted house which was transformed APR. After exiting the APR, the journey began through campus, past Barnes Hall and across Segal Quad. The excitement built up along the haunted walk for the next big part of Halloween Haunting. The hayride began in the peach orchards and ventured through several acres of land. Every organization competed to win cash prizes by putting on their scariest faces and by putting their best foot forward. Lights, fog, sound effects, music, and other machines were heard throughout the night. Winning first place was AGR with their chemical spill scene. Second place was awarded to the Dairy society for their mad cow scene. Finally, DEB received third for performing Michael Jackson's *Thriller*. Overall, the weekend was a great success.

Family Weekend 2001

Every year, Del Val invites the families of the students to come and spend a weekend, which always includes something special presented by the Office of Student Life. This year, the cast of *A Memorable Affair* was starred in *Mystery on the High Sea*. This interactive entertainment was featured during dinner. There were also many activities provided for families, such as concerts and trips to near-by attractions, which helped reinforce the families' interaction with the students' college life.

Winter Semiformal

This year's Semi-formal made students feel like movie stars!!!

This year's winter semiformal was absolutely spectacular. The dazzling decorations were perfectly placed, while the DJ played both romantic and popular music. Many of this year's seniors found it difficult to believe that this would be the last winter semi that they would be attending.

Whether we danced and boogied or sat and chatted at our tables, we all sparkled like stars at the Silver and Gold Ball!

There are many words to describe this year's Spring
Semi-formal, held on April 12, 2002. It was a hazy day.
There was rain, but everyone still went.

The dance was held in a tent in Segal Quad. The
trees were lit as well as the tent. The tables were
decorated with Gerberas, candles, and beautiful picture
frames.

Everyone danced and had a great time, each stop-
ping to take photos or to get a drink.

In one corner, there were photos being offered for
a couple or even a group of friends, to promote
remembering this dance.

Celebrating the Past!

On April 10, 2002, Delaware Valley College once again honored its founders' Rabbi Joseph Krauskopf and James Work.

Annually, Delaware Valley College honors its founders' in April with a short program open to all students and staff. For the occasion, faculty members wear robes and sashes that represent the institution from which they graduated.

This year, Dr. Susan Ward, graduating class of 1980, spoke of her experiences at Del Val and why she feels most grateful to our founders. Although she did honor Joseph Krauskopf, it was James Work to whom she

felt most in debt. He was the first to introduce to the college nonagricultural majors including biology, chemistry, and business administration.

Following Dr. Ward's speech, awards were given to the staff, faculty, and students, including the Staff Member of the Year Award, Distinguished Faculty Member Award, and Student Government Awards.

As always, Del Val presented a wonderful day to honor its most important representatives. It was certainly a beautiful program!

A-Day 2002

The festivities of A-Day always bring lots of attention to Del Val. A-Day is a celebration of the rich agricultural heritage associated with the school. This year, the 54th annual event, held Saturday and Sunday, April 27 & 28, 2002, drew thousands of visitors to the campus. Attendance was high on Saturday, but the inclement weather on Sunday kept some visitors away. There were plenty of exhibits, activities, and food to keep festival goers, both young and old, occupied for hours.

Student Life

Life on a Limb

As the years go on, so do we. Throughout this past year, we have forged many new friendships while strengthening past ones. Together we have laughed, joked, cried and stressed. In times of despair or great happiness, I was there for you when you needed me. You were there for me when I needed you. We found that true strength comes from having great friends at our sides. We have prospered and built friendships that will last a lifetime. You were my study partner, late night munchie runner, drinking buddy, and movie companion. You offered a hand when I fell, and I gave you a shoulder to lean on. Together through thick and thin, we held each other up. Living on the edge, hoping the branch won't break, we climbed to the top. Later, we will look back on this past year and remember how much fun it was to live life on a limb.

Hanging Around...

Adjusting to college life was not hard for this year's incoming freshman. Within days of their arrival, many had already developed lifelong friendships. "During one of our orientation programs, I got to know two girls on my floor, and afterwards, at lunch, I met their roommates. Since that afternoon, I have basically spent everyday at Del Val with this group," said freshman Lauren Young.

Although school work does seem to be quite time consuming, these freshman made sure that college was not all work and no play. "My friends and I are always going somewhere. We have taken many road-trips to other colleges and cities," stated freshman Lauren Jones.

During thier first year of college, all freshman learned about themselves and how to live on their own. Many are quite eager to see what their second year at Delaware Valley College will hold.

46 Monkey See, Monkey Do... This group of freshman can often be found hanging in this unusual tree outside of Ulman. Luckily, no one has ever gotten hurt.

Left: Let's Race... Luis Ortiz buckles up to race a few of his friends at a local go-kart center. Unfortunately, Luis did not win.

Below: Totally Excited... After rummaging through some corn fields, Lauren Young and Alicia Grysko found decorations for their dorm room.

Above: Prepared... Freshmen Chrissy Leathers, Lauren Young, Amanda O'Neil, and Nicci Gravenese prepare themselves for another blackout. Unfortunately, the girls prepared for nothing.

Left: All Smiles... Freshman Frank Fasanella and Sarah Jacobs are talking about the Animal Science test. Both students did very well.

All Fun & Games...

This year's sophomores certainly enjoyed the feeling of being upperclassmen. With a year under their belts, they already knew the layout of the campus, the individuals in their class and were quite familiar with living away from home.

Like many Delaware Valley College students, after long days of studying, they began inventing interesting ways of keeping themselves occupied.

In addition, they became even more vital in their clubs, sororities, and fraternities. Many participated in Del Val's social events such as the Winter and Spring formals, as well.

Most sophomores are enjoying their stay at DVC and are excited to see what the future holds for them.

Above Ready for the Semi... Gabrielle Schmid and Amy Bauer are ready for their dates to arrive.

Above: One quick stop... Sophomores Christie Dattilo, Sara Crosier and Dana Marson grab one quick photo together before they hit the dance floor again.

Left: All Smiles... Sophomores Renee Calhoun and Amy Bauer grab a few drinks before they see Bye Bye Birdie.

Working Hard...

This year's Junior class is having a difficult time realizing that their stay at DVC is almost up. Running many of Delaware Valley College's elite clubs, they certainly have become a staple in the growth of these organizations.

Junior Tammy Clapper, for instance, has assisted Dr. Fortier with the Animal Science Society. She has helped run such functions as a trip to Six Flags Great Adventure Safari. There, animal science students received an up-close look at some rare species and their care. She also helps with Delaware Valley College's Connections Program. This organization tutors students in Bucks county elementary schools in both Math and Reading.

Many advisors wonder how they will be able to replace such hard workers like Tammy after graduation.

Blood Drive

Every semester, there is a blood drive to help out others in need. Many students participate, hoping to share their love with one of these needy people. APO sponsor's the fall drive, while AGR sponsor's the spring drive. Through this drive, students have the opportunity to reach out to the community by tapping into their human compassion as well as their blood.

In light of the September 11, 2002 events, numerous people showed their support by giving their time and blood to help out the people in New York. A strong support from the Del Val campus helps to prove how much Americans care for one another.

Robin Kucharczyk is showing her support for others. She seems to be enjoying herself.

Under the watchful eye of a nurse, Michelle Armstrong is making her donation.

These boys took time out of their day to give blood together.

Clockwise from upper left: a) Tres Clarke relaxes while giving his share to the blood bank for the much needed population in New York. b) AGR Blood Drive Chair, William Rawlings, converses with the nurses to see how everything is going. c) Colleen Rowland reads over the information packet as she prepares to support her country. d) Kelly Moore gives the camera a smile while waiting for her blood to clot. e) Gabby Gordon holds frightened Julie Demet's hand to show her support for her friend. f) Tres Clarke gives us a big smile on his way out the door after a successful session with the blood bank.

A Grand Hello!

Ben Green and a nurse give a bright smile as they are preparing to have a snack after the ceremonial "blood letting."

Here a student is seen relaxing after giving blood. Many students will take their turn on this bed, doing their part to support the nation.

This group prepares for the talent show. With their help, students were able to present a successful event.

Erin Yoder steals first with her monologue portraying the life of a New York City woman.

With a voice of gold, Joshua Mountz wows the crowd with his song.

Here is one last glimpse of the performers before they go home.

Nina Wolfarth stands proudly next to her mother after a great performance.

Talent Show 2002

Students show off their talents to the DVC campus.

Clockwise from top left: a) Julie Lichtenwalner beautifully carresses the piano keys. b) Navonne Owens commentates for the show. c) Lydia Lee reads one of her poems. d) Andrea Hood shows off her talent with a song.

Seniors

Letting Loose

The leaves gently fall off the trees, preparing for another harsh winter. Just like the trees, Del Val students are also preparing for another change in their lives. However, this is not the end. The trees gracefully wait for another beautiful spring season, while showing off their new branches.

Graduation is not the end, but merely the end of another chapter in one's life. A new chapter starts as students enter into the world after college. Just like the brand new leaf on a tree, this is just another experience waiting to happen.

Thanks to all my family and friends! Without your love and support, college would have been much more difficult. I will always remember the good times. Kevin, your love, support, and understanding have been unmatched! You gave me the strength and the confidence I needed to achieve my dreams! I will never forget your dedication to me and I will always love you. The future is in our hands, so make the most of it in the short time you have.

Jaclyn Scowcroft

As I entered DVC I had no clue what to expect; however, I made it! I need to thank my parents for all of their support and encouragement. Without them, I would not be here. Additionally, a huge thanks to Josh! Thank you for being my backbone and helping me through everything. All I can say to my two favorite girls, Karyn and Kristin, is that opposites must attract. I will never forget you! Lastly, thanks for the friendships and memories!!!

Kimberly Shamberger

I want to thank Jen for being a great roommate for the last four years and for putting up with Nate! I don't know how you did it! Hoss, I will never forget music class because of you. You made that class interesting! Good luck to all my friends in Small Animal Science! I wish the best for all of you! Go get 'em at vet school Jen!

Janet Shea

I'm very lucky to have a family like ours! I love you.

Amanda Strominger

Wow, where have the last four years gone? Del Val has given me so many opportunities that have made my four years so enjoyable. There are few people I owe some thanks to: First of all to God who has blessed my life and given me the opportunities and guidance to live out my dreams. To my dad who has given me more love and support than I deserve sometimes, to my sister and mother who have supported me unconditionally. To all of the wonderful women in Segal Hall - need I say more? To my great friends who left me to carry on their legends - Cindy, Curt, Ryan G. and two boys - you made everything so much fun. To Ryan C. - thanks for all of your support and craziness. To my little sister, Jess - I love ya. Thanks to my roommates, including Jenn for putting up with Mrs. Clean and my visitor!! Best of luck to those I am leaving behind (Harry). Stay focused and have fun.

Kraig R. Suter

Good luck to everyone. These four years went quickly, but I will always remember the good times. Keep Elson the same. Go NAMA!

Devon Wilcox

Good luck to all my Sigma Alpha Sisters. I will miss you all so much. Keep in touch. I will never forget all our good times. We are the WOMEN IN AGRICULTURE. Thanks for my wonderful college days, and I will never forget the times picking up the trash! You are all great women, and I hope you all fulfill your dreams. To my family: Thank you so much for supporting me through the years. Good luck class of 2002.

Amy Wehr

I am going to miss all the great friends I made and all the great memories we had together. This will be one of the best experiences of my life. I hope I can keep in touch with all my girls. I am going to miss you all!

"Signs" of Hollywood Appear at DVC

Hollywood at DVC

In May of 2001, Dr. James Diamond was contacted by Walt Disney Studios to use one of Delaware Valley College's secluded farms to films it's latest movie, *"Signs"*. Soon after, Location Manager, Andrew Ullman, was taken to Farm 7, located across Almshouse Road. The next day, Diamond received the call that would change college life for the rest of the summer and fall, and would leave an indelible mark on the campus and Doylestown area. Three weeks later, contracts were signed and the deal was made. Mel Gibson, M. Night Shyamalan, and many others would arrive at DelVal, bringing with them excitement for those who remained on campus during the summer.

Set construction began on July 1, 2001 and continued through the end of August. In that time, a barn and carriage house were constructed, along with the homestead, complete with a basement.

Getting production underway wasn't easy. There were permits to secure with local township officials, security and road closures to set up with township police, and a little problem of not knowing whether it would rain enough to grow the corn. They soon learned that an irrigation system was needed to guarantee proper corn growth.

Larry Hepner, Chair of the Agronomy & Environmental Science department, aided in the success of the set. He and college administration officials agreed to plow under the corn already planted to be sure the corn was the right color, the right size, and "tassling" properly.

"Tassling" is the state of corn growth when the plant issues a pollen-collecting outgrowth from the top of the plant that looks like a graduation tassel. Mr. Hepner also agreed to be on call for any questions about the corn or the use of the field. That included the removal and replanting of a large oak tree seen prominently in the movie.

"The crew chain-sawed it down, then cemented it in the ground, right behind the house. Then they had these set decorators out there wiring on silk leaves to the dead branches," Hepner explained.

DelVal's Director of Security, Chris Daley, and Dr. Leamer joined Andrew Ullman and the Pennsylvania Film Office in assuring worried local residents that the filming would be most unintrusive, with most of the film being shot during the day.

Filming concluded in early November, with the crew to return to film an additional scene. However, the corn had browned and most lay dead in the field. This problem was solved quickly by painting the corn the "natural" shade of green for just one more scene.

The college community was treated to a discussion with Frank Marshall in the gym. Over 700 students, staff, and faculty arrived to ask questions and to be regaled with stories from his career.

The entire college community awaited the release of the movie on August 2, 2002.

Show Me the Green

As the year draws to a close, we are reminded of the memories that are collected throughout the years, memories ranging from childhood to college. As we flashback through these events, we remember times that we shared with people, the laughter and tears; these events will always be etched in our memory. Each new memory blossoms full and green in our minds. As we travel along our journey through the forest of time, these memories will bind us and make us stonger as we create new memories in the future.

We all start out as a seedlings when we step onto Del Val campus. We go to class and learn about time management and responsibility. We make new friends and keep in touch with the old. We get involved in campus activities. These all form the trunk and branches of our seedling. We continuously learn and grow with all these experiences as they nurture us like the sunlight and rain.

The new growth that we are exposing to the world will allow us to beautify not only ourselves, but also others. By sharing knowledge with others, and using it for the good of the environment, we can paint a beautiful landscape, lush and green. So- graduating seniors- go out there and show your green! Beautify the world with what you obtained at DVC.

Fading But Never Forgotten

Their stars that once shone brightly are now beginning to fade.
They were the heroes that touched the hearts of America.
They were brothers and sisters, fathers and mothers, sons and daughters, colleagues, and friends.
Through darkness and destruction they supported each other.
Courage could be seen beyond their despair and disbelief.
Innocent people they were. Who could have thought their tragic fate?
Most were killed.

It looked like an unreal scene from a movie.
The devastation put an unforgettable thorn in our hearts.
We suffered a terrible loss of our own that has had an enormous impact on the entire country.
Through pain, this traumatic event has brought us closer to each other.
Together we have mourned and together we will survive.
Prayer is our biggest support.
Pull together and honor their courageous efforts to live.
Remember these people and help others recall good times shared with their loved ones.
Unite together and show pride for our country.
